RULES concerning RACING in
general, with a DESCRIPTION
of a POST and HANDY-CAP
MATCH.

Horses take their Age from *May Day*.

1760 Yards is a mile.

240 Yards is a Distance.

Four Inches is a Hand.

Fourteen Pounds is a Stone.

CATCH Weights is each Party to appoint any
Person to ride without weighing.

Give and Take Plates, are fourteen Hands to carry
all above or under, to allow the Proportion of
seven Pounds for an Inch.

A Whim Plate, is Weight for Age, and Weight for
Inches.

A Post Match, is to insert the Age of the Horses
in the Articles, and to run any Horse of that Age,
without declaring what Horse, till you come to the
Post to start.

A Handy-Cap Match, is for *A. B.* and *C.* to put an
equal Sum into a Hat, *C.* which is the Handy-Capper,
makes a Match for *A.* and *B.* which when perused by
them,

them, they put their Hands into their Pockets and draw them out closed, then they open them together, and if both have Money in their Hands, the Match is confirmed ; if neither have Money it is no Match : In both Cases the Handy-Capper draws all the Money out of the Hat ; but if one has Money in his Hand and the other none, then it is no Match ; and he that has the Money in his Hand, is entitled to the Deposit in the Hat.

If a Match is made without the Weight being mentioned, each Horse must carry ten Stone.

If no Power is allowed in the Articles to alter the Day of Running, and it should be run on another Day, the Bets before altering, are all void.

Where a Power is allowed in the Article, for altering the Time of Running, all Betters must conform to the changing the Day.

Crossing and Jostling allowed in Matches, if no Agreement to the contrary.

The Horse that has his Head at the ending Post first, wins the Heat.

Riders must ride their Horses to the weighing Post to weigh, and he that dismounts before or wants Weight, is distanced.

Horse Plates, or Shoes not allowed in the Weight.

If a Rider falls from his Horse, and the Horse is rode in by a Person that is sufficient Weight, he will take Place the same as if it had not happened, provided he goes back to the Place where the Rider fell.

Horses

Horses not entitled to start, without producing a proper Certificate of their Age, at the Time appointed in the Articles, except where aged Horses are included, and in that Case a *junior* Horse may enter without a Certificate, provided he carries the same Weight as the aged.

All Bets are for the best of the Plate, if nothing is said to the contrary.

A Horse that wins the first and second Heat, wins the Plate, but is obliged to start again if required by any one of the other Riders, and no Clause in the Articles against it, and must save his Distance to intitle him to the Plate.

For the best of the Plate, where there are three Heats run, the Horse is second-best that wins one.

For the best of the Heats, the Horse is second, that beats the others twice out of three Times, though he doth not win a Heat.

A confirmed Bet cannot be off without mutual Consent.

Either of the Bettors may demand Stakes to be made, and on Refusal declare the Bet void.

If a Party is absent on the Day of Running, a public Declaration of the Bet may be made on the Course, and require if any Person will make Stakes for the absent Party; if no Person consents to it, the Bet may be declared void.

Bets agreed to pay, or receive in Town, or at any other particular Place, cannot be declared off on the Course.

The

The Person that lays the Odds, has a Right to chuse his Horfe, or the Field.

When a Person has chose his Horfe, the Field is what starts against him, but there is no Field without one starts with him.

Betts made for Pounds are paid in Guineas.

If Odds are laid without mentioning the Horfe before it is over, it must be determined as the Bets were at the Time of making it.

Bets made in running, are not determined till the Plate is won, if that Heat is not mentioned at the Time of Betting.

Bets are void for the best of the Plate, on Horsfes that have run, not being qualified.

Bets are won and lost, for the best of the Heats, if Horsfes are not qualified.

Where a Plate is won by two Heats, the Preference of the Horsfes is determined by the Place they are in at the second Heat.

Horsfes running on the wrong Side of the Post, and not turning back, distanced.

Horsfes drawn before the Plate is won, are distanced.

Horsfes distanced, if their Riders cross and jostle, when the Articles do not permit it.

A Bet made after the Heat is over, if the Horfe betted on, does not start, is no Bet.

When

When three Horses have each won a Heat, they only must start for a fourth, and the Preference between them will be determined by it, there being before no Difference between them.

No Distance in a fourth Heat.

Bets determined, though the Horse does not start, when the Words absolutely, Run or Pay, or Play or Pay, are made Use of in Betting.

Example, I bet *Robinson's* black Horse, *Sampson*, absolutely wins the King's Plate at *Newmarket* next Meeting, the Bet is lost though he does not start and win, though he goes over the Course himself.

In Sweep-Stakes Match or Plate of one Heat, where two Horses come in so near that it cannot be decided, they two only must start again, and the Bets are determined on the others, the same as if it was won.

In running of Heats, if it cannot be decided which is first, the Heat goes for nothing, and they must all start again, except it be in the last Heat, and then it must be between the two Horses that if either had won the Plate would have been over, but if between two that the Plate might not have been determined, then it is no Heat, and the others may all start again.

If two Persons by Agreement or casting Lot, to chuse on two Matches, one is run and the other forfeits, that which is run, is determined, and that which forfeits is void, they being two distinct Bets.

Horses that forfeit are the beaten Horse, where it is run or pay.

Bets

Bets made on Horses winning any Number of Plates that Year, remain in Force till the first Day of *May*.

Money given to have a Bet laid them, not returned, if not run.

To propose a Bet, and say done first to it, the Person that replies done to it, makes it a confirmed Bet.

The Party in a Match, that does not bring his Horse to the Post at the Time specified in the Articles, the other at the Expiration of it, may go over the Course without him, which entitles him to the Sum, or Forfeit, that the Match was made for.

Matches and Bets are void on the Decease of either Party, before determined.

Likewise at the same Place.

The famous bay Horse called Second, covers this Season. He is very healthful and in good Order; he was bred by the Duke of Devonshire, and got by the said Duke's Childers, his Dam by Basto, and was the Dam of Old Crab, Puff, Black-Legs, Snip, Bay Motte, &c. His Grand Dam, by the Curven bay Barb, and was the Dam of Mr. Croft's Stallion, Partner; his Great Grand Dam, by the Curven Spot; his Great Great Grand Dam by the white-leg'd Lowther Barb, out of the Vintner Mare: Second is very near fourteen Hands three Inches high, and a fine strong well proportioned Horse, Master of twelve Stone, clear of all natural Blemishes, goes well upon his Legs, was thought by most Men to be the best Horse of his Years:

Torrismond, in 1743, then four Years old, won the fifty Pound Prize at Morpeth; soon after that, was sold to Mr. Martindale, in whose Possession he won the fifty Pound Prize at Epsom, Warwick, Huntingdon, Winchester, Leicester, and Newmarket: and, at the last Place, the hundred Guineas for Horses rising Six. He also won the eighty Guineas at Oxford and Lincoln.

Torrismond was bred by Mr. Crofts, of Barforth, and got by Starling; his Dam by Partner; his Grand Dam by Makeless; which Mare was the Grand Dam of Mr. Vane's

Vane's Little Partner ; his Great Grand Dam by Brimmer ; and his Great Great Grand Dam by Place's White Turk ; his Great Great Great Grand Dam by Dodsworth, out of a Layton Barb Mare. Torrismond's Dam, which was the Dam of Toy, Drowsey, and Madam, is full Sister to the Dams of Molotto and Dormouse.

Lately Published,

A View of the Carriage Match made by the Earls of
March and Eglintowne, with Theobald Taaffe and
Andrew Sprowle, Esqrs; for One Thousand Guineas.

THE Conditions of the Articles were to get a
 Carriage with four running Wheels and a Person
 in or upon it, drawn by four Horses nineteen Miles in
 one Hour; their Lordships were to give two Months
 Notice what Week it should be done in, and had the
 Liberty

Liberty of chusing any one Day in that Week ; which was performed on *Newmarket Heath*, on the 29th of *August*, 1750, in fifty-three Minutes and twenty-seven Seconds, as appeared by three Stop-Watches the Umpires held, which did not vary one Second.

The Horses were all bred and trained for running ; the two Leaders including Riders, Saddles, and Harness, carried about eight Stone each ; the Wheel-Horse about seven Stone each ; the Carriage with a Boy on it, weighed about Twenty-four Stone.

Tawney, the near Leader, was rode by Mr. *William Errat*, who had the conducting the Race to go at ; the off Leader *Roderick Random* ; the near Wheel-Horse *Chance*, the off Wheel-Horse *Little Dan*. They all had Bolsters to preserve their Shoulders : the Traces (by an ingenious Contrivance) run into Boxes with Springs, when any of them hung back, to prevent the Traces getting under their Legs. A Rope went from the further End of the Carriage to the Pole, and brought back under it, to keep the Pole steady ; by the Side of each Wheel there were tin Caves with Oil dropping on the Axle-Tree to prevent its firing. The Boy placed on it is only to fulfil the Articles. It started about seven in the Morning, near the six Mile-House, and run between the Warren and Rubbing-Houses, came through at the Ditch called the *Running-Gap*, then turned to the right, and run three Times round a corded Piece of Ground of four Miles, and then back to the Place it started from.

The Match was performed before a great Number of Spectators without any Person attempting to ride with it, except Mr. *George Tuting* and Lord *March's* Groom, who waited on them to assist in Case of an Accident.

It was timed by Dr. *Monsey*, Mr. *Deard*, and *Rowley*.

The Print is an exact Representation of the Match, neatly engraved from a Picture of Mr. *Seymour's* taken from the Life, in the Possession of the Right Honourable the Earl of *Eglintowne*.

Sold by Mr. *Pond*, in *James-street*, *Covent Garden*.
Price Half a Guinea.
